

Three Rivers Schools Foundation

P.O. Box 160
Murphy, OR 97533

Our mission is to enhance educational opportunities for students by encouraging community investment in Three Rivers District Schools. We were formed in June 2006 with the cooperation of private volunteers working with District representatives.

The Three Rivers Schools Foundation is offering introductory matching fund grants of up to \$500 to any elementary school in the Three Rivers School District, to be applied to visual and performing projects that have potential to involve the widest overall audience possible. The grant will fund projects that are to be implemented between December 1, 2007 and June 2008.

These grant funds will be matched dollar-for-dollar with funds collected through school fundraising activities or other means. A project that cost \$1,200, for example, would receive \$500 from the Foundation and \$700 from outside sources. A \$900 project would qualify for \$450 in Foundation funds, matched with \$450 from the other source. Subsequent grant rounds will be dedicated to secondary schools in the District, at a later date.

Application Deadline: November 17, 2007

See attached application form.

Return completed form and project budget to the address shown above.
